

מסדי נתונים ו-SQL – תרגיל 1

Question 1:

```
*****Q1*****  
  
SELECT  
    email  
FROM  
    customer  
WHERE  
    email LIKE '____.r@%';
```

Question 2:

```
*****Q2*****  
  
SELECT  
    COUNT(`description`)  
FROM  
    film  
WHERE  
    `description` LIKE 'A_E%'  
    OR `description` LIKE 'A_A%'  
    OR `description` LIKE 'A_I%'  
    OR `description` LIKE 'A_O%'  
    OR `description` LIKE 'A_U%';  
# Number is: 447
```

Question 3:

```
*****Q3*****  
  
SELECT  
    CONCAT(MONTH(payment_date),  
        '/',  
        YEAR(payment_date)) AS 'Month/Year',  
    AVG(amount) AS 'Average amount'  
FROM  
    payment  
GROUP BY `Month/year`  
HAVING SUM(amount) > 5000  
ORDER BY AVG(amount) DESC;
```
